

Ohio Department of Transportation Prebid Questions

Project No. 108005

Sale Date - 4/29/2010

Question Submitted: 4/14/2010

Question Number: 1

There is no item to fill the existing rumble strips before placing the surface course. Is it the intent to place the surface over the existing rumble strips and then place the new rumble strips in the same locations?

A1: On plan sheet 11 at the bottom of the table, the row for "surface irregularities & existing rumble strips" provides a quantity of material to fill them. It is intended to place the rumble strips as per the plan and current standard drawings. A2: Look in the table on plan sheet 11- there are quantities for the entire project. We broke them out by direction of travel and also by county.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
