Where can I find the additional soil borings taken between Station 60+00 and 61+00 as shown on sheet 148/182 (TH-40 to TH-44)

The borings being referred to are actually SUE Level Test Holes shown on the Utilities Plans (Sheets 145 - 149), not soil borings (All labeled TH xxx and referenced to the SUE data sheets). The only soil borings taken for the project are on Sheet 3/4 to 4/4 of the Soil Profile Sheets.
