

Ohio Department of Transportation Prebid Questions

Project No. 090485

Sale Date - 11/4/2009

Question Submitted: 10/26/2009

Question Number: 1

Please consider deleting the field office bid item for this project. Sign projects rarely use a field office.

The field office bid item will remain in the plan.

Question Submitted: 11/3/2009

Question Number: 2

Currently the Bidding Documents Listing shows nothing in the Addenda column for this project. The Addenda List on you website shows nothing for this project. Typically I doublecheck and rely on the website for this information, yet we received an Addendum for project 090485 yesterday indicating there are changes to the bids items and an amendment to the EBS file.

There have been other instances that Addenda did not "appear" on the website until well after the date they were issued which makes the bidding process difficult and hectic last-minute updates to the EBS file necessary. Anything you could do insure that information is posted in a timely manner would be much appreciated.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
