

Ohio Department of Transportation Prebid Questions

Project No. 045023

Sale Date - 5/19/2004

Question Submitted: 11/10/2004

Question Number: 1

On these projects ODOT has already purchased the box culverts. I would like to know who the manufactures are and what the delivery date they are looking at.

For the 045024 project the boxes are made. The supplier is Hanson Pipe and Products. We are maintaining traffic and it is up to the contractor to schedule the delivery of the boxes as his work allows. For the 045023 project, JEM industries is the manufacturer. The road is not allowed to be closed until June 14. They have 21 days to complete the project. Therefore when they have the site prepared they need to schedule the box delivery. We do not specific delivery dates.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
