

# Ohio Department of Transportation - Prebid Questions

Project No. 140238

Sale Date - 5/8/2014

ATH-87806 - -CR85-0.01

*Question Submitted:* 4/24/2014 12:18:14 PM

Is the contractor to furnish labor and equipment to offload the salvaged truss at the Athen County Engineer's Yard or with the truss be offloaded by the County's forces?

**The contractor must furnish all labor and equipment to place the salvaged materials in the County's yard.**

*Question Submitted:* 4/23/2014 9:06:24 AM

Line 42 in EBS file shows the box beam bid item to be Composite Box Beams CB 27 x48. Plans call out Non-composite B 27 x 48.

*Question Submitted:* 4/15/2014 7:13:07 AM

Will the weights of the existing pony truss be made available

**The County Engineer does not have documentation for the weight of the truss.**

*Question Submitted:* 4/14/2014 8:16:40 AM

The project plans indicate that the existing steel truss bridge is to be salvaged. Are the plan sheets available that show the existing bridge and if so can we get access to them?

**Three plan sheets are available in a zip file for download. Please visit the following FTP site.**

**<ftp://ftp.dot.state.oh.us/pub/Contracts/Attach/ATH-87806/Reference Files>**

*Question Submitted:* 4/10/2014 2:02:47 PM

The front page of the plans say to use the 2013 specifications book but on page 3 in the general notes it says to use the 2010 specifications book. Please verify which specification to use.

**Revised in Addendum No. 2**
