## Prebid Questions

Project No. 100339

Sale Date - 5/27/2010

---

Question Submitted: 5/13/2010

Question Number: 1

Can the cones in the Traffic Control plans be eliminated? If they can be eliminated would you require a pilot car as part of the revised traffic control plan with the flaggers?

**Bid the traffic control shown in the plans.**

Question Submitted: 5/13/2010

Question Number: 2

Does the Department of Transportation ever consider alternative traffic control plans post bid, when the contractor and the state identify safety problems with the existing plan?

**Bid the traffic control as shown in the plans. The contractor may submit a proposal for an alternate traffic control scheme after the award, but cannot assume that it would be approved. If you have an alternate in mind, you are required to ask the question during the prebid phase.**

Question Submitted: 5/5/2010

Question Number: 3

Can alternate traffic control application TA-4 be used for two lane road rumble strips?

**No, due to Shoulder widths vary from 2.0' to 8.0' on this project.**

Question Submitted: 5/6/2010

Question Number: 4

Can alternate traffic control application TA-17 be used for two lane road rumble strips? We're looking for some type of mobile lane closure that can be used.

**No, we will not allow alternate traffic control applications**

Question Submitted: 5/6/2010

Question Number: 5

The general notes specify that grinding material shall become the property of the contractor and be disposed of at his expense outside the limits of right of way. Will the rumble strip grinding contractor be permitted to sweep the millings from the rumble strips to just beyond the edge of pavement or will you require the millings to be collected with pickup type road brooms and then hauled to offsite disposal locations?

**We will leave the millings along the roadway as berm. This change will be made by addendum.**
