

Ohio Department of Transportation - Prebid Questions

Project No. 120121

Sale Date - 3/8/2012

AUG-88395 - SR-66-12.73

Question Submitted: 3/1/2012 8:49:06 AM

On Ref. 35 Sealing of Concrete Surfaces (Epoxy-Urethane), the areas to receive the new Epoxy-Urethane are presently sealed with existing sealer, will the removal of this existing sealer be paid for under PN 552?

We will add PN 552 and the appropriate pay item by addendum.

Question Submitted: 2/29/2012 4:16:27 PM

Ref 1 has 75 RPM but page 18 shows 155 (reflectors) with removal between 662+45-686+49. So what do you want? New reflectors in existing castings with 18 New RPM or all New Rpm or all reflector?

The general summary and bid reference quantity are correct. We will change the subsummary sheet in addendum 1. All existing reflectors are removed. The removal quantity is less than the new RPM because many of the castings are missing. The new RPMs are totally new, not new reflectors in existing castings.
