

# Ohio Department of Transportation Prebid Questions

Project No. 050011

Sale Date - 1/12/2005

---

Question Submitted: 12/27/2004

Question Number: 1

My question pertains to the maintenance of traffic for this project. The front sheet of the plans refers to standard drawing MT-97.12 and the general notes for maintenance of traffic on page 15, refers to standard drawing MT-97.11. Which traffic maintenance plan should we apply? The cost to maintain traffic according to MT-97.12 is significantly greater.

Question Submitted: 12/29/2004

Question Number: 2

Reference 18, Walkway Misc, Truncated domes, Is this a retrofit item as there is only 8 sf per ramp or due you want existing ramp removed and replaced and include everything in the 8 sf?

**This is a retrofit item for the truncated domes only. That is why there is only 8 square feet per ramp**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
