

Ohio Department of Transportation Prebid Questions

Project No. 040417

Sale Date - 7/14/2004

Question Submitted: 7/12/2004

Question Number: 1

Under Traffic Control Items, concerning loop detectoe splicing--

I notice on some drawings there are cable splicing kits that quantities correspond with the number of loops and on other jobs there is no item for cable splicing kits but rather "detector loop tie in" which that quantity also corresponds with the number of loops! Therefore my question is..... which one of these items is the actual detector loops splicing kit? Thank You.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
