

Ohio Department of Transportation Prebid Questions

Project No. 080600

Sale Date - 11/5/2008

Question Submitted: 10/6/2008

Question Number: 1

I noticed only 200 RPMs for 19 miles of chip and seal. I hope your not leaving existing in and chip and sealing around existing. This will make these markers useless and the ones you can see pop up at the last second as you pass them. This will become a problem instead of a cost saving measure. I highly recommend that you reconsider if this is your plan. Steve Walters

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
