Please refer to Line #0005 (Borrow 209E70000) of the plans. It appears as if this item is greatly overstated. The column for borrow on sheet 9 of 13 of the plans only adds up to 1090CY instead of the 4274CY you have shown. Also, after field inspection it looks as if the borrow work on SR #644 has already been completed. If this is correct, then the quantity should be reduced even further. Please check and advise. Thank You.
