

Ohio Department of Transportation - Prebid Questions

Project No. 130605

Sale Date - 12/12/2013

BEL-93811 - VA-PM-FY2014(B)

Question Submitted: 12/4/2013 9:28:13 AM

As per section 614.04.A will it be permissible to erect no edge line signs until permanent markings are applied in lieu of applying permanent edge lines daily.

"No Edge Line" signs will be permissible as per section 614.04.A until permanent markings are applied.

Payment for these signs shall be included under the lump sum item for Maintaining Traffic as per Section 614.16.B.

Question Submitted: 11/26/2013 11:06:58 AM

Do any repairs need to be made to damaged RPM's due to water blasting removal? As per section 614.11.H.1. and 614.11.H.3. is it permissible to place Class III makings after removal with the intent of placing the experimental epoxy, polyester, spray thermoplastic, and paint over the Class III markings?

RPM repair quantities will not be provided in the plans. If RPMs are damaged due to water blasting removal, the Engineer will record the location/number of damaged RPMs, and these will be replaced as part of the District's annual RPM plan.

The test markings must be installed on a clean (non-painted) paved surface; therefore, Class III Markings will not be permitted. The permanent pavement markings must be placed immediately after the removal of the existing pavement markings.
