Unable to find 4a Utility note in the proposal on sheet 9 or 10. Can you make the 4A available for viewing?

There are no 4A notes in the proposal. Is there a plan on relocating adjacent overhead electric lines for both structures? Both appear to be too close. Are there other utilities involved?

**The Utility Note can be viewed on pages 9 and 10 of the Proposal. All Utility companies are listed along with their intent during construction.**
