Prebid Questions

Project No. 090281

Sale Date - 6/3/2009

Question Submitted: 5/12/2009

Question Number: 1

Bid Reference 28 is listed in the proposal as Vehicular Signal Head, 1-Section, 12" Lens, 4-Way and in EBS it is listed as a Vehicular Signal Head, 1-Section, 12" Lens, 1-Way. Should this item be bid as a 1-Way or a 4-Way?

Question Submitted: 5/18/2009

Question Number: 2

Item #63 Cabinet requires 24 load switches. This is unusually high. We do not believe there is a conflict monitor that will handle this many load switches except for ITS

Question Submitted: 5/4/2009

Question Number: 3

Can ODOT provide a detail of the type of sign assembly required for the sign flasher assembly noted on plan page 3 of 18. The as per plan note references CMS spec 631.09 that covers changeable message signs, school signs, internally illuminated signs, and signs with beacons (and downlights). This is a wide range of possible configurations. What is actually intended?

The bid item is for a sign flasher assembly, as per plan. 631.09 states to furnish a sign flasher assembly consisting of a pair of flashing beacons. We made it 'as per plan' to include the support and foundation as part of the pay item.

Question Submitted: 5/6/2009

Question Number: 4

The plan note (p.2/18) state that the term of this contract is 24 months but the proposal states a completion date of 6/30/10. Is this a 12 month contract or a 24 month?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
