## Prebid Questions

Project No. 060221

Sale Date - 5/3/2006

Question Submitted: 5/1/2006

Question Number: 1

The print on page 2/17 has a note regarding the Indiana Bat and the restrictions regarding clearing of trees between April 15 and September 15. This project has a 8/31/06 completion date.

The site has a number of trees that are not shown on the print. If we are required to remove trees as part of the project and they are considered suitable for rearing or roosting habitat, will the contract completion date be extended beyond the 8/31/06 completion to allow tree removal after the 9/15 "bat date"?

**We have determined the trees within the construction limits are not considered suitable for rearing or roosting bats.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
