Question Submitted: 5/12/2010

Question Number: 1

The project proposal indicates that there is a 50% requirement for work performed by the prime. Is there any chance of a waiver on this? As we have been putting together our bid, we are having difficulty meeting the 50% requirement for self performed. With the split between asphalt, concrete, and signal work I would imagine most other contractors are having the same issues. Thanks Jon

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
