Can you please elaborate on what type of LED-Illuminated W11-2 sign is required as part of bid reference # 27 "Signalization, Misc.; Crosswalk Lighting"? Is this a sign that is internally illuminated by LEDs, a sign augmented by outboard LED beacons, or a sign with LEDs incorporated in it's perimeter? The details on plan page 14 do not specify this information.

The plans doesn't specify which sign to use. Any of those types are acceptable as long it matches the W11-2 specifications.
