## Prebid Questions

Project No. 090249

Sale Date - 5/13/2009

Question Submitted: 4/25/2009

Question Number: 1

Page 4, Typical section and pavement calculation. Plans indicate placement of 1 inch of 448, type 2 intermediate course. By specification top aggregate size is larger than plan thickness. Previous project have placed a thickness of 1 3/4" when specified material is type 2. Please advise.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
