Prebid Questions

Project No. 050080

Sale Date - 2/2/2005

Question Submitted: 1/26/2005

Question Number: 1

Plans call for Ref. 1 Pvm. Removed to be 2339 sy. This does not cover the additional 10" to be removed for the step down for the 8" Aggregate Base & 7" 301 Bit. Agg. Base as shown on page 4, Ramp Shoulder Detail.

The additional 10" width by length would be an additional 324 sy and a total of 2663 sy of Pavement Removal if covered under this item, the same quantity as the Subgrade Compaction item, Ref. 4.

Where should the additional 324 sy of removal be covered under, Pvm. Removed (Ref.1) or Excavation (Ref.3)?

Thanks!
