

Ohio Department of Transportation - Prebid Questions

Project No. 160509

Sale Date - 9/22/2016

COL-98848 - SR 9-14.64

Question Submitted: 9/19/2016 11:59:54 AM

When reusing the signals all the astro brackets for hanging the signals will have to be replaced. Are you going to make a separate pay item or is this to be included?

No pay item shall be added for the brackets. They are to be included per CMS 632.27.

Question Submitted: 9/13/2016 11:39:48 AM

Several existing poles on the project have existing speakers mounted on them. Are these to be reinstalled? If so, would new cable be required? If new cable is required, please provide specifications and approximate quantities.

The speakers are not to be reinstalled.

Question Submitted: 9/13/2016 11:34:46 AM

Each intersection has at least one existing interconnect antenna. Are they to be reinstalled with new cable?

Question Submitted: 9/12/2016 11:20:31 AM

The plans list project information for the existing plans, along with the FTP site. However, the project listed is not on the FTP site. Could these plans be added to the FTP site?

The plans are on the FTP Site as listed in the plans. A link is also provided here:

<ftp://ftp.dot.state.oh.us/pub/Contracts/Attach/COL-98848/>

Question Submitted: 9/8/2016 2:21:24 PM

This project requires the reuse of signal heads. Is there going to be a pay item for new Astro Brackets? The old ones will have to be replaced.

New hardware will not be required if the existing is not damaged beyond reuse. However, if new hardware is required it shall be incidental to the pay item per CMS 632.27.

Question Submitted: 8/24/2016 10:36:30 AM

The bid form calls for 'reuse of controller' with a qty of 6EA and the plans show 9 intersections where work is to be done. what about the 3 other intersection controllers and cabinets?

Only 6 intersections have pole mounted controllers. These are the controllers being paid for as 'reuse of controller' as they must be removed from the existing pole and placed on the proposed pole. The other 3 controllers are ground mounted and do not require to be moved.

Question Submitted: 8/24/2016 10:34:21 AM

The bid form calls for the 'reuse of controller' with a qty of 6EA does this also include the cabinet?

The cabinet shall be reused.

Question Submitted: 8/24/2016 10:16:59 AM

The Proposal calls for the reuse of existing signal heads, over head signs, pedestrian signal heads. Does this include the reuse of the existing mounting hardware or will new be required?

New hardware will not be required if the existing is not damaged beyond reuse. However, if new hardware is required it shall be incidental to the pay item per CMS 632.27.
