

Ohio Department of Transportation

Prebid Questions

Project No. 100335

Sale Date - 5/27/2010

Question Submitted: 5/24/2010

Question Number: 1

Plan notes require the inclusion of the LEO under two pay items, ref 1 - Law Enforcement Officer, and ref 2 - Maintaining Traffic. To minimize ODOT's costs, we suggest that the plan note requiring the LEO under maintaining traffic be eliminated.

Please bid according to plan.

Question Submitted: 5/24/2010

Question Number: 2

Please change the completion of each location under "Work Assignment Process" to 60 days after the contractor receives materials. The lead time for signal equipment is now up to 60 days after release, and this leaves no time for installation.

The interim completion date for each work location will not be revised. The availability of materials will be considered when assigning the initial interim completion dates for each location.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
