Question Submitted: 2/8/2005

Question Number: 2

- 1) Under the painted item in the proposal there is caulking. Can you please verify the quantity and locations of the caulking item. If quantities and locations are given then all bidders will be able to bid accordingly.
- 2) Under the blasting item in the proposal there is grinding of the flange edges. Can you please verify if we need to grind all of the floor beams and floor stringers.
- 3) Should there be a pay item for the RTA flagmen?
- 4) Please explain in detail the locations and purpose for the erosion control item.
- 5) Do the utilities on the bridge need to be painted or protected from damage?
- 6) Do the brackets for the utilities need to be blasted and painted?
- 7) The box beams have small open ports and access is limited, will DOT consider this as an inaccessible area?
- 8) Galvanized surfaces will receive a wash(QCP1) along with three coats. The surface prep is inadequate and what is the paint system that DOT will spec.
- 9) Do all galvanized pipes, including the pier and catwalk under the bridge, get painted?
- 10) Does the galvanized catwalk floor need to be removed prior to blasting the catwalk steel?
- 11) Please make sure that all bidders know if the catwalk, piping on the piers and the light brackets need to be painted or not?
- 12) Will we be held responsible to repair any concrete sealer that may get damaged by our work? If so, please notify all contractors.
- 13) The plans do not supply enough information to calculate square footage. Will plans become available?
