Project No. 070340

Sale Date - 6/27/2007

Question Submitted: 5/17/2008

Question Number: 1

On sheet 119A fo Addenda 1 under Bridge Sidewalk Parapet it states that the department will pay for the sidewalk under the QC/QA Concrte, Class QSC2, Superstructure (Parapet) but under the Auburn Ave Structure the sidewalk quantity is included in the Deck. The Douglas and Central bridges seem to be correct.

Sheet 5/9 of plans. Item 882 Single/Double Chip Seal w/ Two Year Warranty, As Per Plan note. The note modifies the gradation of the base course aggregate for the double chip seal item. Both suppliers in the area (Hanson & National) declined to quote the modified base aggregate. What is ODOT's direction on other alternates or options?

No change to the plan is required! ODOT desires a supplier be located to provide this particular gradation and is willing to compensate for the additional cost if necessary.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
