Question Number: 1

The acreage in the tables seem double the actual amount. please check

The acreage is doubled 2 ways: 1. We estimated a width or a percentage of possible acreage for on road and off road spraying. 2. We doubled each of those items because this is a two year contract. These are only emperical estimates as stated in the plan, the contractor will be paid according to what areas are sprayed and killed according to details in the plan.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
