Project No. 050368

Sale Date - 6/24/2005

Question Submitted: 6/16/2005

Question Number: 1

632 Signalization, Misc.: Color Video Detection System Cabinet Hardware.

-The specifications require that the electrical termination for the camera and the transient protection be provided on the communications interface panel.

-Will the State accept cabinet hardware that has the electrical termination for the camera, and the protection separate from the interface panel? Please respond at your earliest convenience.

The Dept respectfully declines to alter the specification.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
