## Prebid Questions

Project No. 070181

Sale Date - 4/4/2007

Question Submitted: 3/16/2007

Question Number: 1

Bid Item # 0001 RPM for 10,000 each is shown on the Bid Tab. On page 11 of the plans, it states that the "locations and reflector color quantities to be determined by the pre-construction meeting" Bid Item # 0002 RPM as per plan for 1,000 each is to be used for missing RPMs located during the reflector repair process. The quantity of 10,000 RPMs is quite large and normally the locations are provided in the plans. Can these locations and quantities be provided before the job is bid?

Question Submitted: 3/25/2007

Question Number: 2

The General Notes on plan sheet 11 include a note for returning non-performed RPM materials. If all materials are contractor furnished, shouldn't this note be deleted?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
