Question Submitted: 3/23/2006

Question Number: 1

In addendum #2 a question was asked and answered regarding work that would have to be performed with a lane closure and therefore at night. The answer does not provide a solution for several items of work that must be done with a lane closure. ODOT must allow either lane closures during the day to perform activities such as deck removal or the night time work restriction note must be deleted. Otherwise please clarify how this work can be completed.
