## Prebid Questions

Project No. 070213

Sale Date - 5/16/2007

Question Submitted: 5/1/2007

Question Number: 1

The question is regarding reference number 56, Item 253 Pavement Repair. The quantity in the proposal is 723 cubic yards. The note on page 7 of the plans states that there is 10 cubic yards setup for use as directed. The general summary on page 25 only totals 10 cubic yards. Can you provide some clarification because it will be a significant dollar difference??

Question Submitted: 5/9/2007

Question Number: 2

There is a 20' foundation for the signal pole on the southwest corner of US36/CR5. Are there any borings available to determine existing conditions?

**There are no borings.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
