## Prebid Questions

Project No. 070266

Sale Date - 6/1/2007

Question Submitted: 5/21/2007

Question Number: 1

Page 4 of the plans-Modifications to Item 882.1. Section 882.04 What does ODOT require for temporary pavement markings during the 30 day period between application of chip seal and permanent pavement markings Class I or Class II? Will these markings (Class I or Class II) be paid by the bid unit price? 2. The addition of fog seal to Item 882 on this project requires the contractor to place Work Zone Pavement Markings after fog seal has cured. A period of 2-weeks shall pass before permanent pavement markings will be placed. What type of temporary markings are required Class I or Class II? Will these markings (Class I or Class II) be paid by the bid unit price?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
