Prebid Questions

Project No. 060315

Sale Date - 7/12/2006

Question Submitted: 7/11/2006

Question Number: 1

When a loop detector conduit is destroyed or is not usable do to pavement grinding, is the conduit repair incidental to the loop installation ?

Please bid as per the plan. If grinding equipment hits the loop conduit in the pavement, which is highly unlikely, we will perform a change order if the Engineer feels it is necessary to replace any portion of the conduit.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
