## Prebid Questions

Project No. 100074

Sale Date - 2/4/2010

Question Submitted: 1/20/2010

Question Number: 1

On page 16 of the proposal, the PN 419 note is not stated clearly. By using the design data provided on plans, Medium Design would be used on part 1 (FAI-22-18.05) and Light Design would be used on Part 2 (FAI-CR 72-3.44). Would ODOT please clarify?

**The District would like to use Medium Design for all asphalt items included in both Part 1 (FAI-22-18.05) and Part 2 (FAI-CR 72-3.44).**

Question Submitted: 1/31/2010

Question Number: 2

On page 4 of plans, in the ITEM 254 PAVEMENT PLANING, ASPHALT CONCRETE, A.P.P. note it states to take 4000 tons of RACP to the ODOT Baltimore Outpost. On a previously bid project (ODOT 101008 FAI-204 bid on 1/28/2010) it also instructed the contractor to take 4000 ton or RACP to the ODOT outpost in Baltimore (page 2 of 101008 plans). Does ODOT intend on taking RACP from the 101008 project as well as this project to the small Baltimore Outpost?

**The Fairfield County Manager has decided not to take the 4000 tons of RACP from this project. Therefore, the contractor shall disregard the portion of the note on page 4 of the plans that instructs the contractor to take 4000 tons of RACP to the ODOT Baltimore Outpost.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
