Prebid Questions

Project No. 090499

Sale Date - 12/4/2009

Question Submitted: 11/16/2009

Question Number: 1

The plan note for reference item 0108 Loop detector unit names 3 brands of shelf mounted loop amplifier detectors. Two of the brands and models are no longer available. This leaves only a sole source single alternative for the loop detector amplifier item. We would request consideration be given to the Eberle Design Model Oracle S2ECS (with Solid State outputs) as an alternative model.

Question Submitted: 11/9/2009

Question Number: 2

Would ODOT consider reducing the percentage of work type performed by the prime contractor to 40%?

ODOT will not reduce the percentage of work type required by the prime contractor.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
