## Prebid Questions

Project No. 050444

Sale Date - 8/10/2005

Question Submitted: 8/4/2005

Question Number: 1

Regarding line items 29,34,39 & 44 - Special Structure Misc.:Filling Voids Beneath Concrete Approach Slabs with High Density Polyurethane, the items are paid in square yards but there is no given volume of material to be expected per square yard. We feel there should be an expected volume per unit area with the provision that if that yield overruns, the contractor will be compensated.

**The District has reviewed your question and respectfully declines to alter in units for these items on this project.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
