Prebid Questions

Project No. 050578

Sale Date - 11/16/2005

Question Submitted: 11/10/2005

Question Number: 1

This project includes 614E21400 Work Zone Center Line, Class II but does not include the Class I markings. What is going to be the rule now for replacing the full pattern of center line on a project instead of the class II dashes? Are we looking at a 3 day period or the 14 day period for final paint?

The requirements for permanent pavement markings are defined in the 2005 CMS under 614.11 G.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
