Prebid Questions

Project No. 060255

Sale Date - 6/7/2006

Question Submitted: 5/25/2006

Question Number: 1

Item 632 – Ref 0038 Controller Unit

The battery backup unit has been lumped in with the controller item. The specification for the battery backup unit is manufacturer specific which renders effectively a sole source controller item. Is the Battery backup intended to be a sole source item. Please advise.

The hook bolts were intended for the small section of curb replacement located on Sheet 21 of the plans in order to keep the proposed curb tied into the existing curb because it is located in a driveway area. The hook bolts are not intended to be and are not typically used for the curb ramps.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
