Question Submitted: 11/6/2008

Question Number: 2

Is it possible to replace the pg64-28 liquid in the 301 asphalt concrete base with pg64-22? Does the application of this mix justify the use of the specified liquid?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
