## Prebid Questions

Project No. 090143

Sale Date - 3/4/2009

Question Submitted: 1/15/2009

Question Number: 1

The plan notes indicate grindings from the pavement planning operation, in excess of what is required for item 617, shall become the property of ODOT and delivered in accordance with item 254, delivery of asphalt concrete grindings. A significant cost savings could be realized if ODOT released the grindings to be used in the project mix designs. Will ODOT consider changing the project notes to grant the Contractor grindings?

**The district respectfully declines to change the project notes.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
