

Ohio Department of Transportation Prebid Questions

Project No. 060083

Sale Date - 2/1/2006

Question Submitted: 1/18/2006

Question Number: 1

Why isn't there any topsoil, seeding and mulching required for this project. Thank for looking in this matter.

The District's intention is that since the proposed curb ramp/walk locations are being constructed in the same locations as the existing curb ramps/walks, the contractor should not disturb any areas outside of the proposed curb ramp/walk replacements.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
