

Ohio Department of Transportation Prebid Questions

Project No. 100239

Sale Date - 4/29/2010

Question Submitted: 4/23/2010

Question Number: 1

1. all transverse reinforcing needs to saved? can you tell me the spacing? top & bottom. also the spacing at the piers.32/372.
can you define blunted chisel tools(item 202 demo drawing 25/37.

**A1. Please see the original construction plans and referenced slab bridge standard drawings which are located at:
\\Ctrfs100\d12\$\Existing Plans\LAK-83735A2. The referenced note states that pointed and blunted chisel tools
can be used, which allows contractor to use hammers using a chisel type tool.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
