Prebid Questions

Project No. 100258

Sale Date - 5/6/2010

Question Submitted: 4/27/2010

Question Number: 1

ODOT Project 258(10) LIC SR-161/37/310 – Page 43/84 describes the unsigned “local” detour route locations. Including a description on maintaining these routes, as directed, during the construction work. How is this maintaining work to be paid? The state detour map shows the detour onto new SR-161. It does not show any signage requirement. Is this detour to be signed, if so will ODOT provide the required detour signage? Should this project include PN-530 – Asphalt Binder Adjustments?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
