Prebid Questions

Project No. 100402

Sale Date - 6/10/2010

Question Submitted: 5/12/2010

Question Number: 1

Project no. 100340 of the 05/27/2010 Letting allows the option of either an asphalt mow strip or a concrete mow strip. Will the Department consider the same option on this project?

Yes, please see MOW STRIP note on sheet 3A of 6.

Question Submitted: 5/28/2010

Question Number: 2

The MOW STRIP note on sheet 3A of 6 references the option of a concrete mow strip, but there are no correlating line items for this option. Will an addendum be issued to address this?

An addendum has been issued to address this question.

Question Submitted: 6/1/2010

Question Number: 3

Addendum No. 1 was issued and the plan sheets reflect the addition of the concrete mow strip option, and also a rubberized concrete mow strip. The EBS addendum does not have pay items set up to reflect these changes. Also, the rubberized concrete mow strip is 3" thick and the regular concrete mow strip is 4" thick. Will there be additional excavation bid items added to reflect the different quantities of excavation, and is and EBS revision coming soon to reflect these changes?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
