Prebid Questions

Project No. 080113

Sale Date - 2/13/2008

Question Submitted: 2/1/2008

Question Number: 1

Can the existing bridge drawings, (Structure No. LOR-6-0967; Structure File Number 4700813) be made available ?

Question Submitted: 2/1/2008

Question Number: 2

This project has an unusually high percentage of specialty work. There are a significant number of items which will require uniquely qualified subcontractors to perform. Combined with the relatively small quantities of the more general bid items, it will be difficult, at best, for the prime contractor to perform 50 percent of the work. Is it possible to reduce the percentage of work type to be performed by the prime contractor?

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
