Prebid Questions

Project No. 050598

Sale Date - 12/2/2005

Question Submitted: 9/19/2005

Question Number: 1

Please provide further clarification on the previously pre-bid question concerning Ref 70. This item has a bid quantity of 3 cy and to plug the weep holes in accordance with the detail on page 18/24 will only required .04 cy. (3 weep holes in each abutment) This results in the actual/paid quantity being only slightly more than 1% of the bid quantity. This will result in radically distorting the bid price to cover the cost of the actual work. I would like to suggest this item be changed to "Plugging weep holes" with a unit of "each" or "lump sum" be utilized.

Answer. The quantity is estimated and may include filling voids located behind the backwall. Please prepare you bid based upon the quantities in the bidding documents.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
