Prebid Questions

Project No. 091012

Sale Date - 5/20/2009

Question Submitted: 5/15/2009

Question Number: 1

The quantity for Ref. No. 55 Superstructure (Deck) concrete appears to be too high. Also, where is the pier cap concrete being paid?

On Sheet 19/23, left hand column, under Construction and Material Specifications, QC/QA Concrete, Class QSC2, it refers to superstructure and piers. In the Estimated Quantity Table, Item 898 10201, there are 14 cm of concrete for the piers and 90 for the superstructure, for a total of 104. The calculations have been verified by staff. Pier cap concrete is included in the superstructure concrete.

Question Submitted: 5/8/2009

Question Number: 2

Sheet 6 of 23 has a note which states "the road closure shall begin April 1 of the calendar year proposed for the project construction." Should this be interpreted to be a start date for the project of April 1, 2010?

Based on the completion date of 8/15/2010, the start date would be 4/1/2010.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
