Sale Date - 6/4/2008

Question Submitted: 5/21/2008

Question Number: 1

This project requires 5% edge goal. The only item to subcontract is the striping. There are not any striping subs that are edge approved. How can you meet the edge goal on this type of project?□

Given that this project has an EDGE goal, the committee thought the goal could easily be met by purchasing the materials from an EDGE supplier. There may also be an opportunity with the maintenance of traffic.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
