## Prebid Questions

Project No. 090478

Sale Date - 10/21/2009

Question Submitted: 10/13/2009

Question Number: 1

Project states Canoga Loop Detector Unit. 2008CMS requires adherence to QPL and the Canoga is not on QPL. Can we substitute with a similar unit?

**Question: Project states Canoga Loop Detector Unit. 2008CMS requires adherence to QPL and the Canoga is not on QPL. Can we substitute with a similar unit? Answer: No. The plan note overrides the CMS. Bid the project as is.**

Question Submitted: 10/19/2009

Question Number: 2

Can the transition areas (wearing course removal) be left open to traffic on the milled surface since there is no intermediate course set up to cover them during the mill and fill operation? Or, should there be intermediate course set up for these transition areas?

**Bid as shown in the bid documents. The transition areas will be left open to traffic on the milled surface.**

Question Submitted: 10/5/2009

Question Number: 3

Can the Office Calculations be made available?

**<ftp://ftp.dot.state.oh.us/pub/Contracts/Attach/MOT-82505/>**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
