Project No. 090154

Sale Date - 3/4/2009

Question Submitted: 1/15/2009

Question Number: 1

Is there a geotechnical report and/or borings available for this project?

There are no soil borings for this project.

Question Submitted: 1/15/2009

Question Number: 2

On Plan Shts 8 & 9, what is the correct station limits for detail 1EC and 2EC? There is some confusion in the tables, to try and calculate total linear feet.

**1-EC (L= 238Ft) x (End Area=10.83 SqFt) / 27 = 95 Cu Yd
2-EC (L=421Ft)x(End Area=10.83 SqFt) / 27 = 169 Cu Yd
Plan quantities are correct**

Question Submitted: 1/15/2009

Question Number: 3

It appears that no soils report exists for this project. If rock is encountered in the excavation will the rock removal be incidental to the excavation item 203 to achieve the plan grades?

Any rock encountered will be incidental to the Item 203- Excavation.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
