Prebid Questions

Project No. 090086

Sale Date - 2/4/2009

Question Submitted: 2/10/2009

Question Number: 1

There are no items setup for excavation and 304 under the approach slab widenings on the structures. The notes(pg 29) for the concrete barrier end sections type D APP do not address these items as being included. Also, is my assumption correct that the concrete approach slab widening are paid under this APP item.

According to CMS 622.09 Basis of Payment, excavation and 304 are incidental items and are paid for under the item 622, Concrete barrier end sections, type d, reinforced, as per plan. And yes your assumption is correct that the approach slab widening is paid for under the APP.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
