Prebid Questions

Project No. 100267

Sale Date - 5/6/2010

Question Submitted: 4/26/2010

Question Number: 1

The bridge notes state that the dowels for the approach slab widening (Concrete Barrier End Sections) are included with the item, yet the quantity for the 510 Dowel Holes includes these dowels. Under which item are they to be paid?

The note for item 622, concrete barrier end sections, type d, reinforced, as per plan states that if a item is separately itemized then it shall be paid for under that item, therefore, the dowels in the widen section shall be paid for under item 510, dowel holes with nonshrink, nonmetallic grout.

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
