## Prebid Questions

Project No. 065014

Sale Date - 8/23/2006

Question Submitted: 8/21/2006

Question Number: 1

On sheets 5, 6, and 7 in the drawings are referring to the detour signs regarding this project. I want to know if the proposed detour signs can be mounted next to the existing signs or if they must be fastened to the existing signs.

**The District prefers that the detour signs be attached to the existing signs as shown on the plans. However, if the Project Engineer and the Contractor determine that this is not possible, the detour signs may be mounted adjacent to the existing signs.**

All prospective bidders, subcontractors, suppliers, materialmen and all others who have an interest in these prebid questions and answers are advised that these items are being provided for informational purposes only and are not part of the bidding documents. If a question warrants a clarification, the Department will issue an addenda addressing the request for clarification to all plan holders. If the Department believes that the bidding documents adequately address the request, the contractor will be advised accordingly.
